Bank Newport New Corporate Headquarters Project Overview

Project Highlights:

Bank Newport hired Team Ruggieri to be part of their renovation of a 60,000 square foot building. The goals of the project included combining the banks administrative staff into one state-of-the-art facility that focused on collaboration among peers and highlighted the coastal theme of Newport, Rhode Island. As soon as you enter the building you are greeted by large format porcelain tiles highlighting the design and craftsmanship of the project. Natural pebble tile precisely cut to incorporate radius and soffit lay-outs from above were used in

the four main radius hubs inviting team members to meet, interact, and collaborate. Coastal color themes were carried into the departments by three-patterned carpet tiles designed with custom dyed accent colors that coordinate with painted accent walls, and ceiling tiles to provide easy navigation between departments. The facility also has a fitness center and locker room with rubber flooring. The Executive Suite area compliments the theme with carpeted warm tones

throughout. Ruggieri worked with vendor partners **Dal Tile, Centiva, Tandus, Mat's Inc., Mapie, Mannington, Atlas, Johnsonite, and Miragl** to get the overall look for the building.

This is a 2014 Starnet Worldwide Commercial Flooring Design Award entry.
